

PORT·A·BENCH

FOLDING LADDER STAND

SAFETY

Each step provides a rigid, stable **WORKING PLATFORM – 7” x 20”**. Stair-type treads allow comfortable, fatigue-free footing.

CONVENIENCE

Folds instantly when picked up, for easy portability. Cannot fold under load. Compact for storage. Stands by itself when folded.

DURABILITY

All-steel frame: 14 ga **STEEL STRUCTURAL CHANNEL LEG DESIGN** with 11 ga **LINKS AND BRACES** which are fastened with grade 8 bolts and lock nuts. Solid hardwood steps and with **RUBBER FEET!**

SLIP RESISTANT TREADS

Non-slip grit applied on each step.
